

**IN THE CLAIMS:**

This listing of claims will replace all prior versions, and listings, of the claims in the application:

1. **(Currently Amended)** An ATV comprising:  
a frame;  
at least three wheels suspended from the frame, at least one of which is a front wheel and at least one of which is a rear wheel;  
a power unit for driving at least one of the wheels disposed on the frame;  
a straddle-type seat disposed on the frame, the seat including  
a main seat portion for a driver, the main seat portion having a rearward part, and  
a secondary seat portion, rearward of and adjacent to the main seat portion, for a passenger, the secondary seat portion having a forward part that is laterally narrower than the rearward part of the main seat portion; and  
a steering member for steering at least one of the wheels.
2. **(Original)** The ATV of claim 1, wherein:  
the at least three wheels comprise only four wheels, two of which are front wheels and two of which are rear wheels;  
each of the wheels includes an ATV-type tire; and  
the steering member comprises handlebars.
3. **(Original)** The ATV of claim 2, wherein the secondary seat portion has a rearward part that is laterally wider than the forward part of the secondary seat portion.
4. **(Original)** The ATV of claim 3, wherein the main seat portion includes a forward part that is laterally narrower than the rearward part of the main seat portion.
5. **(Original)** The ATV of claim 4, wherein the main and secondary portions taper laterally inwardly from their rearward parts to their forward parts, respectively.
6. **(New)** The ATV of claim 1, wherein:  
the at least three wheels comprise only four wheels, two of which are front wheels and two of which are rear wheels;  
each of the wheels includes a tire; and  
the steering member comprises handlebars.
7. **(New)** The ATV of claim 6, wherein the secondary seat portion has a rearward part that is laterally wider than the forward part of the secondary seat portion.
8. **(New)** The ATV of claim 7, wherein the main seat portion includes a forward part that is laterally narrower than the rearward part of the main seat portion.
9. **(New)** The ATV of claim 8, wherein the main and secondary portions taper laterally inwardly from their rearward parts to their forward parts, respectively.
